

# How to Use the Meeting Owl Pro

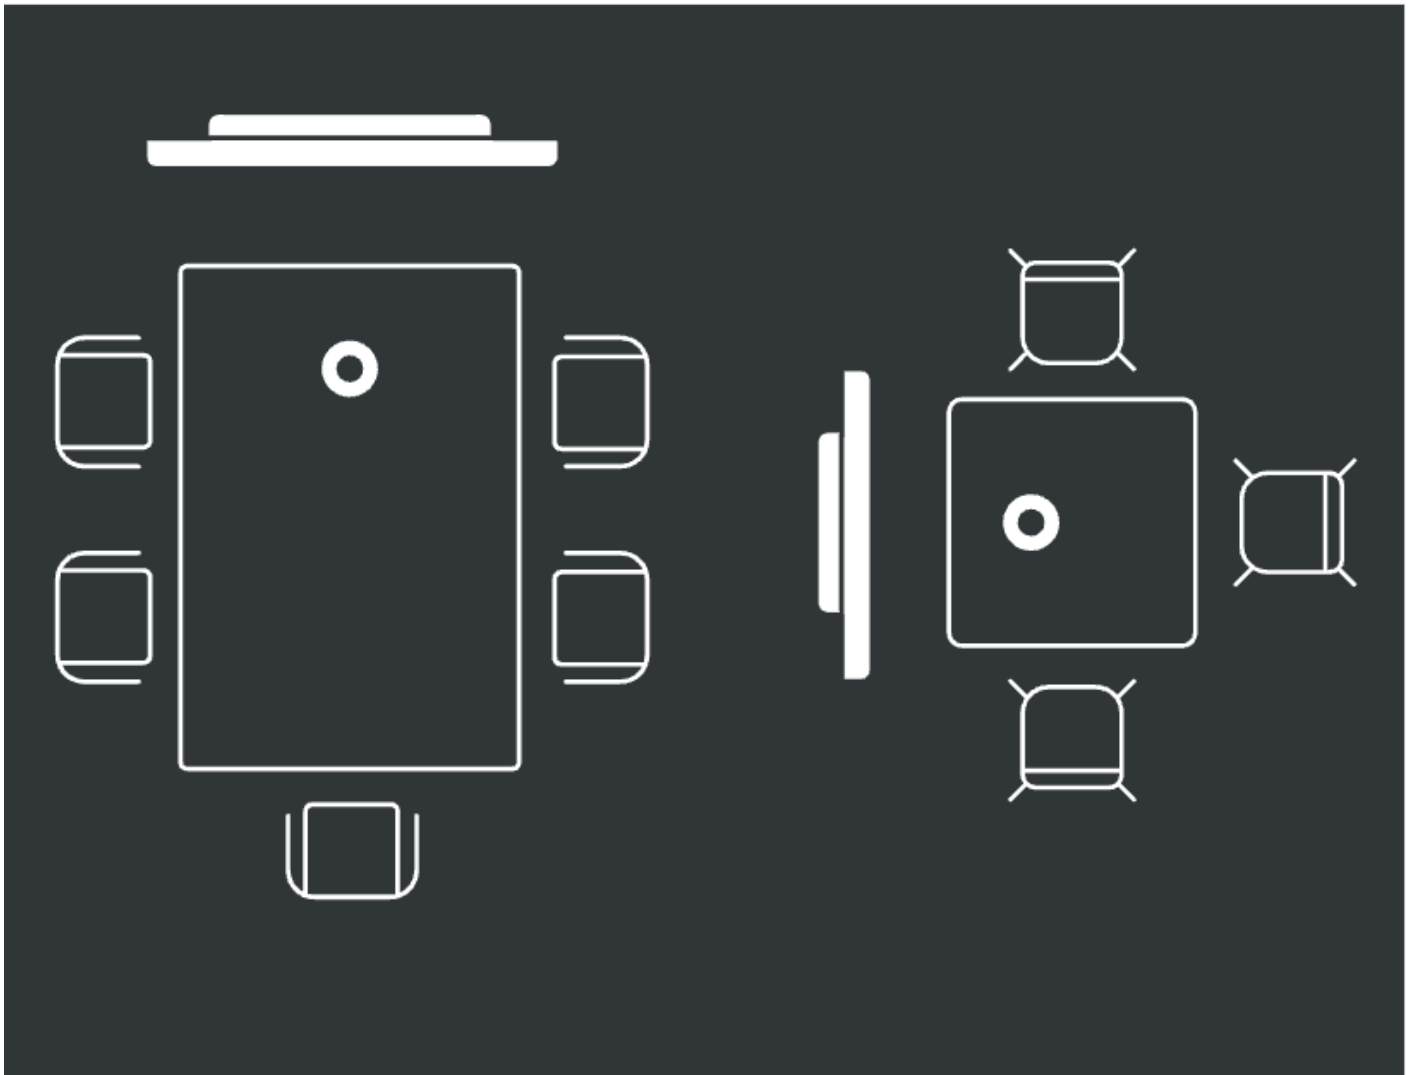

The Meeting Owl Pro is a 360degree camera/microphone for video conferencing and remote instruction, it may be used with any classroom or personal computer, and is available for checkout at the IT Help Desk.

## How to Use the Meeting Owl Pro:

- Plug USB and power cables into the Bottom of the Meeting Owl. Power on by pressing and holding the power button located on the back of the Owl.

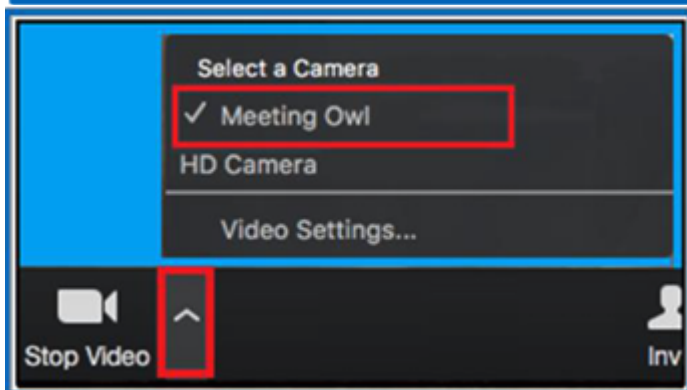

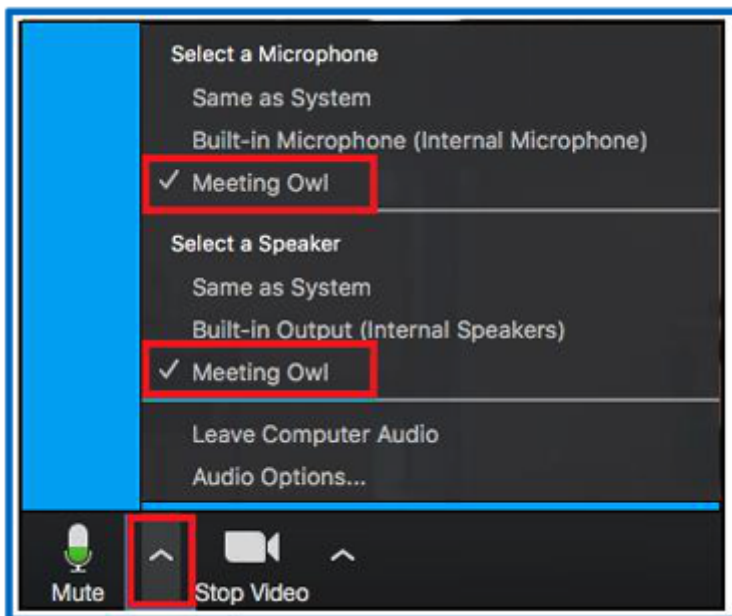

- Place Owl on tabletop in center of meeting. The camera will automatically track the person actively speaking.

- Plug USB cable into the computer being used. In larger rooms like the Think Tank, a USB-A to USB-C adaptor will be necessary to connect the Meeting Owl to the TV and Mac Mini.

- Launch Zoom or other conferencing platform and select Meeting Owl for Video and Microphone.

- Start your meeting.
- Further setup tips can be found [here](#).
