6. In the pop-up window, enter your **name** and the **address** you want to send from. Leave treat as an alias checked.

The screenshot shows a browser window titled "SJSU Mail - Add another email address you own". The address bar shows "mail.google.com/mail/u/4/". The main heading is "Add another email address you own". Below it, the instruction says "Enter information about your other email address. (your name and email address will be shown on mail you send)". There are two input fields: "Name:" and "Email address:". Below these fields, there is a checkbox labeled "Treat as an alias." which is checked, followed by a link "Learn more". Below that is a link "Specify a different 'reply-to' address (optional)". At the bottom, there are two buttons: "Cancel" and "Next Step »".

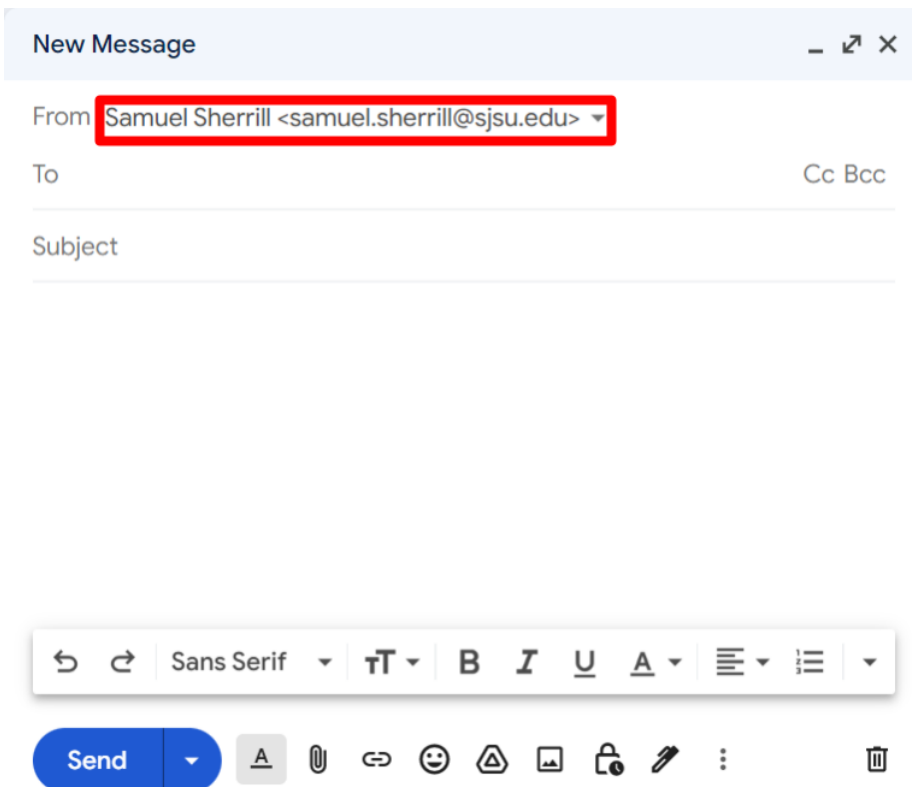

7. Click **Next Step** and **Send verification**

8. Check the address you are adding for the verification email and click on the link or enter the verification code in the pop-up window.

## Sending Emails using an Added Address or Alias

1. Click **Compose** in the top left corner to start a new email draft
2. Click the **From** address line located above the **To** address line. A dropdown menu will appear to change the email.

3. To test that you were successful, you can send an email to yourself from the newly added address.

4. **Note:** Sending emails from a Google Group or Alias are the same once the address has been added to your account.
