

Renew your DHCP Lease (IP Address)

Windows:

1. Open a Command Prompt: Start Menu > All Programs > Accessories > Command Prompt
2. In the Command Prompt, type:
 - *ipconfig /renew*If issuing just the renew command doesn't work, try the following:
 1. *ipconfig /release*
- then -
 2. *ipconfig /renew*
3. Your computer will release it's IP address and obtain a new IP

Mac OS X:

1. Open the Terminal.app application, located in /Applications/Utilities/
2. In the Terminal window, type:
 - 10.6 and earlier:
 - *dscacheutil -flushcache*
 - 10.7:
 - *sudo killall -HUP mDNSResponder*
3. Your computer will release it's IP address and obtain a new IP
