

# Change your Windows 10 Login Password

## Windows 10

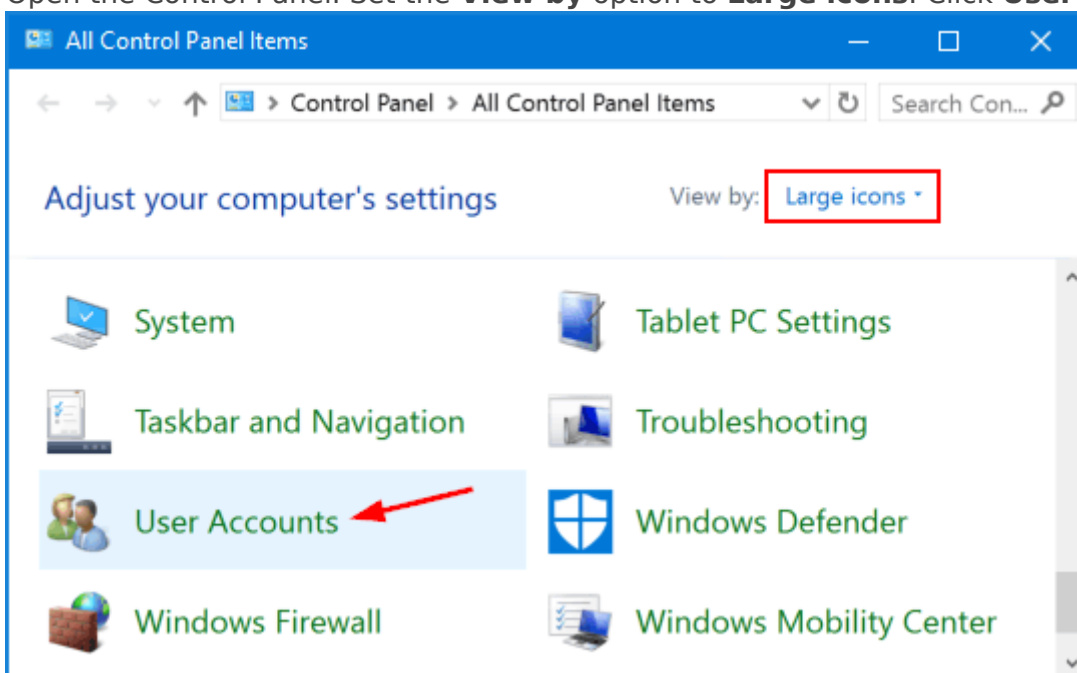

If you use a Microsoft account on your Windows 10 computer, you need to follow the instructions in Method 2 of this guide (or sign into the Microsoft online website) to change your password.

### Method 1:

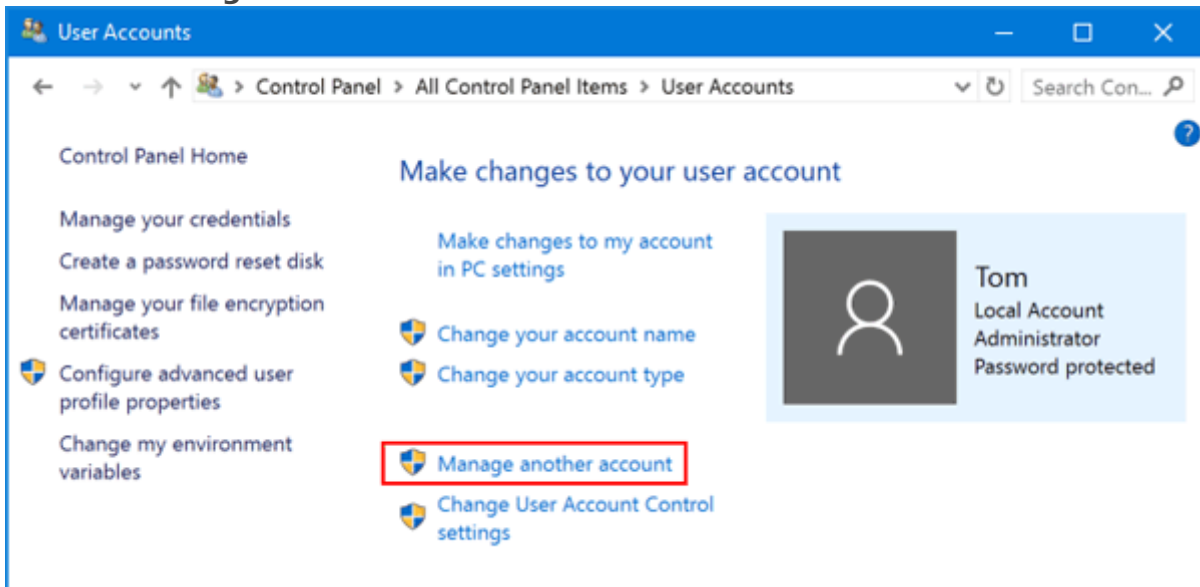

#### Change the Windows 10 Password from Control Panel

---

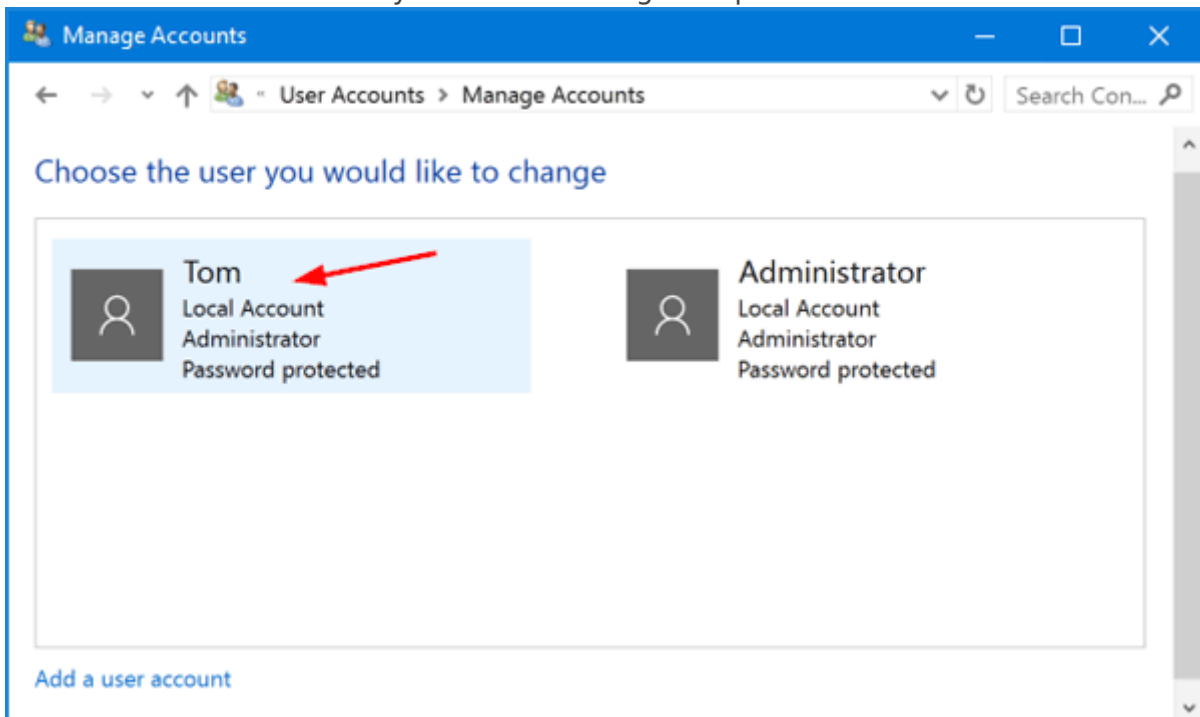

1. Open the Control Panel. Set the **View by** option to **Large icons**. Click **User Accounts**.

2. Click the **Manage another account** link.

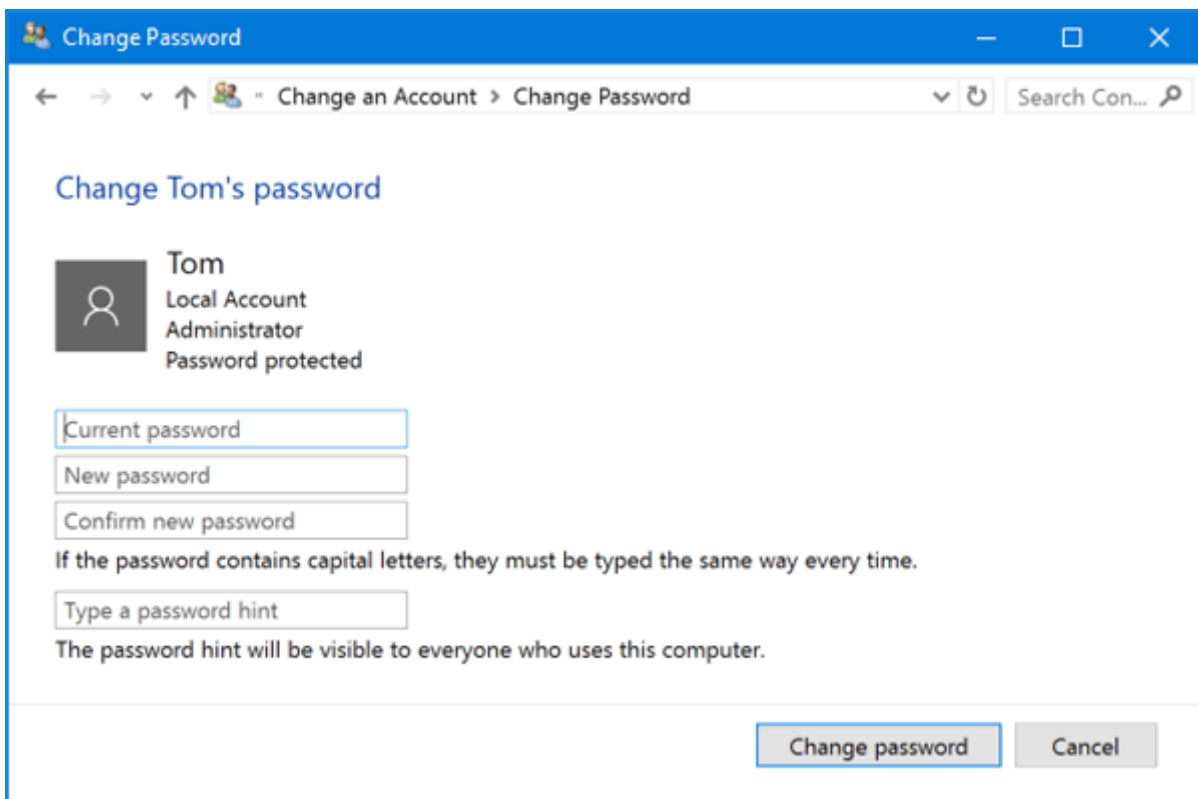

3. Click the user account that you want to change the password for.

4. On the next screen, click the **Change the password** option.

5. Type in your current password and then enter the new one you wish to use. **Click Change password.**

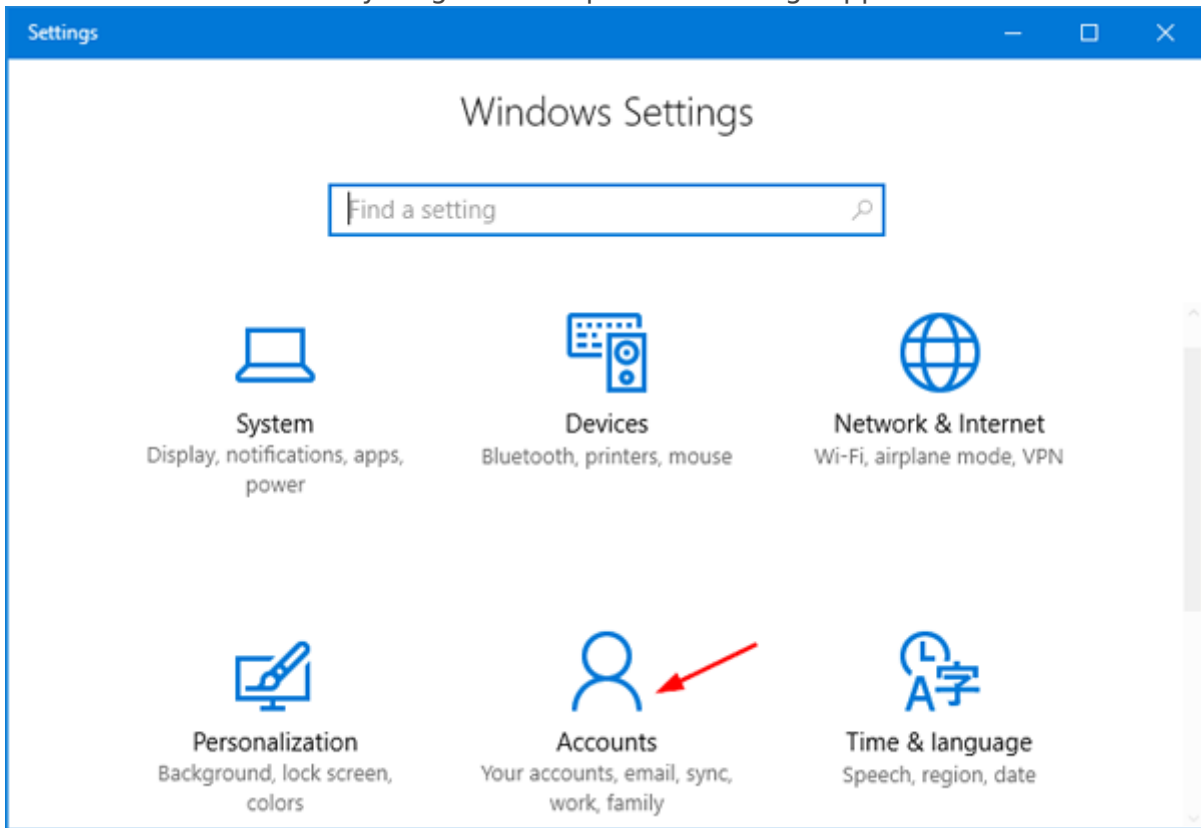

## Method 2:

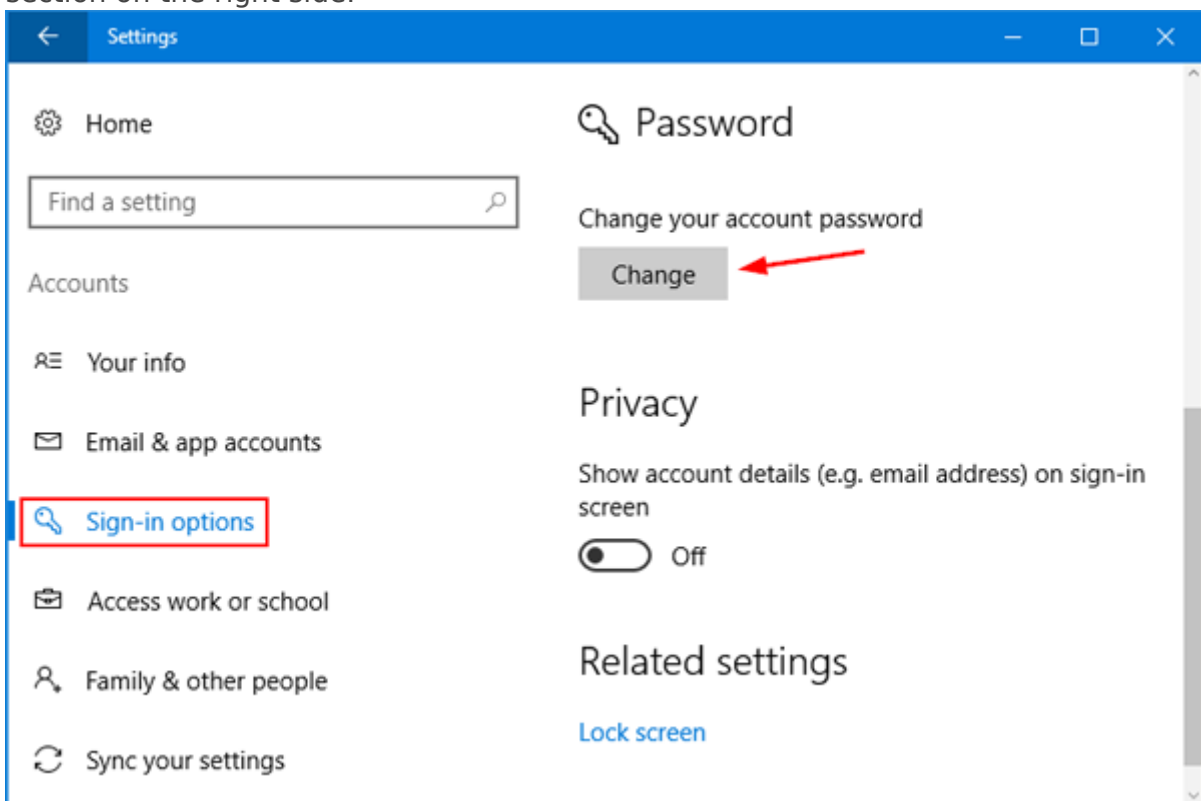

Change the Windows 10 Password from PC Settings

---

1. Press the Windows + I keys together to open the Settings app. Click **Accounts**.

2. Click **Sign-in options** on the left side, and click the **Change** button under Password section on the right side.

3. Enter your current password and click **Next**.

## Change your password

First, confirm your current password.

Tom
