Classroom iMac and Projector Video Settings

Oceanography Classroom Projector Video Settings (30-Jul-2013)

These are the settings that appear in the classroom iMac System Preferences for Display when using either of the projectors.

Epson Powerlite 96w (projects to screen on the right, facing the classroom from the front):
Primary display, iMac: 1280x800
Secondary Display, Projector: 1024x768, 96Hz

Epson 435w Short throw projector (projects to white board on the left, facing the classroom from the front):
Primary display, iMac: 1680x1050, n/a
Secondary display, Projector: 1920x1080, 60Hz

Note: Cabling needs new labels, Epson 96w is not using HDMI.
