

# Renew your DHCP Lease (IP Address)

## Windows:

1. Open a Command Prompt: Start Menu > All Programs > Accessories > Command Prompt
2. In the Command Prompt, type:
  - *ipconfig /renew*If issuing just the renew command doesn't work, try the following:
  1. *ipconfig /release*  
- then -
  2. *ipconfig /renew*
3. Your computer will release it's IP address and obtain a new IP

## Mac OS X:

1. Open the Terminal.app application, located in /Applications/Utilities/
2. In the Terminal window, type:
  - 10.6 and earlier:
    - *dscacheutil -flushcache*
  - 10.7:
    - *sudo killall -HUP mDNSResponder*
3. Your computer will release it's IP address and obtain a new IP
