

Renew your DHCP Lease (IP Address)

Windows:

1. Open a Command Prompt: Start Menu > All Programs > Accessories > Command Prompt
2. In the Command Prompt, type:
 - `ipconfig /renew`If issuing just the renew command doesn't work, try the following:
 1. `ipconfig /release`
- then -
 2. `ipconfig /renew`
3. Your computer will release it's IP address and obtain a new IP

Mac OS X:

1. Open the Terminal.app application, located in /Applications/Utilities/
2. In the Terminal window, type:
 - 10.6 and earlier:
 - `dscacheutil -flushcache`
 - 10.7:
 - `sudo killall -HUP mDNSResponder`
3. Your computer will release it's IP address and obtain a new IP
