

How to Become a WordPress Admin

Submit an IT Helpdesk Ticket

- First you must submit an IT Helpdesk Ticket with IT and give them the following information:
 - What website you want to become a WordPress Admin for
 - What your goal or plan is for the website
 - Your availability for a WordPress Training Session

Attend a WordPress Training Session

- IT will be holding WordPress training sessions that go into detail how to use WordPress effectively and responsibly
- **All who would like to become a WordPress admin must attend a training session**

How to Login

- To login to your website use the following URL - input your website's name where it says "yoursite":
 - mlml.sjsu.edu/yoursite/admin
 - Use your MLML username and password when the login pop-ups
- You may also login using intranet
 - Navigate to intranet > login with your MLML username and password
 - Now navigate to your site using your site's URL
 - e.g., <https://mlml.sjsu.edu/yoursite/>

Now visit our [Getting Started with WordPress](#) page for information on how to start creating an awesome website!
